**Asia- Live In Sao Paulo 23<sup>rd</sup> March 2007** is part of a series of Live double albums recorded during the successful 2007 / 2008 world tour from Asia.

The unique factor from each concert is the performances from the band members adding solo performances to the now famous Asia tracks with historical versions of hits from their previous bands such as YES, King Crimson and ELP.

This is a must for Asia fans to collect - authorised from the bands own archives.
