ACTION MOVES PEOPLE UNITED, a World Peace Project with UNESCO - USFUCA, is produced by Grammy® Winner Kevin Mackie, award winning producer Krista Wallhagen, and Guinness World Record® holder musician and award winning filmmaker Rupam Sarmah. Through media initiatives, in collaboration with artists, authors, and organizations from all around the world, AMPU's mission of establishing a peaceful planet and a healthy biosphere will be an ongoing commitment. One of the goals for the project is to pair up artists who live in opposing countries for collaborations that go beyond politics, religion and borders.

The team has produced a musical spoken word album that will exchange ideas, stories, and information focused on bringing about World Peace through individual responsibility, Education, and helping each other. The goal of the project is to raise awareness of environmental and humanitarian crisis and find actionable solutions.

UNESCO (United Nations Educational, Scientific and Cultural Organization) strives to promote peace and security among nations through education, science, and culture.

"I pray for the moment of mass consciousness when we all wake up and bring peace into our own hearts and souls. It's a challenge and it's going to take every one of us to make it happen," says Dan Aykroyd.

The double CD album with 45 tracks of Musical Spoken Word and Songs will be officially released on Sept 21, 2016. The album is available for digital download on iTunes, Amazon, and other stores worldwide. Please visit the site for details: www.ActionMovesPeopleUnited.org
